

ASHOK GOWDA S P

Bengaluru, India | +91 8618977119 | imashoksp@gmail.com | GitHub | LinkedIn | Hackerrank

EDUCATION

Don Bosco Institute of Technology, Bengaluru B.E. Information Science and Engineering CGPA: 9.01	2023 –2027
Hoysala PU College, Nelamangala Class XII – 90%	2023
Gurukula Vidya Mandira, Kudur Class X – 92%	2021

PROFESSIONAL SUMMARY

Software Engineer with strong foundations in Java, Spring Boot, SQL, Object-Oriented Programming, and Data Structures. Skilled in developing RESTful backend applications using Spring Boot, Hibernate, and MySQL. Passionate about building scalable software solutions and continuously improving problem-solving skills.

PROJECTS

Employee Management System with JWT Authentication

- Developed a secure Employee Management System with role-based authentication using JWT, enabling authorized users to perform CRUD operations through RESTful APIs.
- Implemented features such as pagination, sorting, searching, input validation, global exception handling, and API documentation using Swagger to build a scalable and maintainable backend application.
- Tech Stack:** Java, Spring Boot, Spring Security, JWT, Spring Data JPA, Hibernate, MySQL, Maven, Swagger (OpenAPI), REST API, Git, GitHub
- GitHub: Employee-Management-System-with-JWT-Authentication

SkyCast – Real-Time Weather Forecasting Platform

- Developed a responsive weather forecasting web application that fetches real-time weather data using REST APIs and displays weather conditions for any city.
- Implemented dynamic weather-based animations, geolocation support, responsive UI, and interactive themes using HTML, CSS, and JavaScript.
- Tech Stack:** HTML5, CSS3, JavaScript, REST API (WeatherAPI), Geolocation API, Git, GitHub
- GitHub: SkyCast-Real-Time-Weather-Forecasting-Platform

Stock Market Price Prediction using Machine Learning

- Visualized historical stock trends and predicted future prices using LSTM-based deep learning models.
- Implemented data preprocessing, feature engineering, and normalization techniques for improved prediction accuracy.
- Tech Stack:** Python, Pandas, Flask, LSTM.
- GitHub: Stock-Market-Prediction

TECHNICAL SKILLS

Languages:

Java, SQL, Python, JavaScript

Web Technologies:

HTML, CSS, JavaScript

Frameworks:

Spring Boot, Spring Data JPA, Hibernate

Databases:

MySQL, MongoDB

Tools:

Git, GitHub, IntelliJ IDEA, Visual Studio Code, Maven, MySQL Workbench, Postman

ACHIEVEMENTS

- Gold Badge in Problem Solving** – HackerRank

COURSEWORK

- Data Structures & Algorithms
- Object-Oriented Programming (OOP)
- Database Management Systems (DBMS)
- Operating Systems
- Computer Networks

CERTIFICATIONS

- DSA in Java** – Infosys Springboard
- Prompt Engineering & Programming with OpenAI** – Columbia University

SOFT SKILLS

Communication, Teamwork, Problem Solving, Adaptability, Quick Learning, Time Management.

ADDITIONAL DETAILS

Languages: English, Kannada

Career Interests: Java Backend Development, RESTful APIs, Cloud Computing
